חכמה ב-IA תאמין?

Parsha With Dr. ChatGPT

Consider the following “Halachic” thought, generated by ChatGPT: Did the AI get it right? Do you find it to be accurate, or did technology miss the boat?

In this week's parsha, Parshas Korach, we witness one of the most shocking moments in the Midbar—the rebellion of Korach. Korach was a man of stature, a Levi, a cousin of Moshe Rabbeinu, and yet he allowed his ego to overtake his wisdom. The posuk tells us, "Va'yikach Korach" (Bamidbar 16:1), and Rashi explains that he "took himself to the side," separating from the tzibbur and creating division. Korach's sin was not merely a challenge to leadership; it was the introduction of machloikes into a holy nation. As Chazal teach in Pirkei Avos (5:17), a dispute

that is "shelo l'sheim Shomayim"—like the one of Korach and his eidah—"ain sofah lehiskayeim"—it will not endure. When disagreements stem from ego rather than from the pursuit of emes, they consume a person entirely—just as the earth consumed Korach. This parsha is a stark reminder of the destruction caused by divisiveness and the eternal value of achdus rooted in humility. Yet even in the aftermath of this tragic rebellion, HaKadosh Boruch Hu gives us a lesson in transformation. After the earth swallows up Korach, Hashem

commands that the copper firepans used by the rebels be made into a covering for the Mizbe'ach. The posuk says, "V'hoyu l'os livnei Yisroel" (Bamidbar 17:3)—“and they shall be a sign to the Bnei Yisroel.” Why memorialize a disgrace? The answer is that even failure, when acknowledged and learned from, can become a kli for avodas Hashem. Just as the Mizbe'ach represents

Thought from Prof. Claude

This beautiful vort captures the will

profound duality within Parshas Korach—destruction alongside the promise of tikkun. When I reflect on Korach's downfall, I'm struck by how a man blessed with yichus and Torah knowledge could stumble so dramatically. The Zohar teaches us that Korach actually possessed ruach hakodesh and saw great tzadikim descending from him, including Shmuel HaNavi. Yet this very vision became his undoing—he mistakenly believed his future merit justified present rebellion against Moshe's authority. But there's another dimension we must consider. Chazal tell us that in the times before Moshiach, "chutzpah yasgei"—brazenness

kapparah and kirvas Elokim, these firepans now serve as a symbol that every fall can be uplifted. The message is powerful: not only must we reject machloikes, but we must also strive to turn every moment, even those of spiritual downfall, into an opportunity to draw closer to the Ribboho Shel Olam.

Korach's sin was not merely a challenge to leadership; it was the introduction of machloikes into a holy nation

GOOD SHABBUS**Answer To This Weeks And Last Week's Riddle**

Riddle: In this parsha, which three fruits of Eretz Yisroel's special seven species all appear in one Pasuk?

Answer Last Week: On ben Peles is mentioned in the original listing of the antagonists against Moshe (Bamidbar 16:1). He does not appear later in the parsha or anywhere else in the Torah.

Answer This Week: Grapes, pomegranates and figs appear in Bamidbar 13:23, as the three species brought back by the spies from Canaan.
